IMPEX Trade Fair

**Gifts & Homeware, Textiles, Clothing,
Fashion & Footwear, Furniture & Interiors**

November 18-20, 2003

National Trade Center, Toronto, Ontario, Canada

www.impexshow.com

The Department of Commerce would like to help export your product to Canada!

This is a great opportunity for new to market small and medium sized companies to reach out into the export market without investing considerable amounts of money and time. A large booth is reserved for us at this show, and U.S. companies are invited to submit their brochures and product samples for display in the Commerce booth.

The fee of \$500.00 includes the following:

- Shelf and floor space in our booth.
- For less than the price of an ad, your product is advertised and seen by many trade visitors who attend the show.
- Our booth is staffed by a professional export promotion employee from the U.S. Department of Commerce.
- Let us introduce your product to representatives/ distributors at the show. We bring back qualified leads for your specific company and product. We mail these out to you within a week of our return. Then you can follow up on these leads. We do not get involved in your business transactions after this point.
- **In order to fully represent our US companies, we will limit how many companies can participate.**

View pictures of past booths at: www.export.gov/ocg

**ALL PRODUCTS MUST HAVE U.S. CONTENT REPRESENTING 51% OF VALUE OF
FINISHED GOODS/SERVICES**

For more information, contact Ms. Amanda Ayvaz, Office of Consumer Goods,
T: 202-482-0338, F: 202-482-3981, E-mail: Amanda_Ayvaz@ita.doc.gov

Anyone interested in taking their own booth should contact the trade organizer directly:
